**Description of Services Provided:**

Our agency was invited to participate in a statewide provider meeting that assists with providing jobs through the government. Staff members created a power point presentation to talk about addiction in general and what the options are for treatment throughout the state of Oklahoma. We offered information to the providers on how they could establish a referral system to our agency. We provided additional information for providers who are not close to Del City if their people do not want to participate in tele-health services.
